Five
Palm
Jumeirah

P A L E T T E

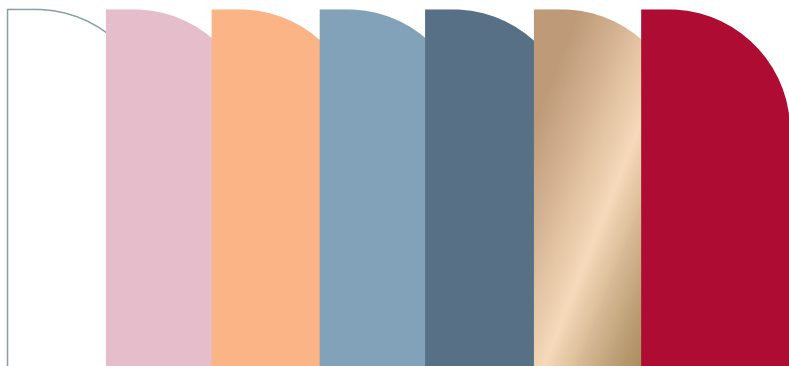

Dubai's soaring mirrored skyscrapers, blue water and blue sky reflected in it - all this inspired us to create this stunning ceremony in shades of azure.

Beautiful floristry, minimalism and luxury at the same time complemented and emphasized the character of our couple and enhanced the beauty around.

An aerial photograph of the Burj Al Arab hotel in Dubai, United Arab Emirates. The hotel's distinctive sail-shaped architecture is prominent on the right side of the frame. A circular observation deck is visible, extending over the turquoise waters of the Dubai Marina. In the background, a sandy beach is lined with numerous blue beach umbrellas, and a long pier extends into the water. The surrounding urban landscape of Dubai is visible in the distance under a clear sky.

PEARL OF LOVE
BURJ AL ARAB

PALETTE

For the first time in the history of the Burj Al Arab hotel, a luxurious wedding ceremony was held on a helipad.

Love above the sky: the design of the ceremony site resembles an open shell - and the newlyweds in the center - as the pearl of this magical and touching event.

Delightful floristry, gentle harp melody and irrevocably in love newlyweds. A luxurious hall, pop stars, a show program and fireworks launched directly from the water, which became the culmination of this legendary wedding.

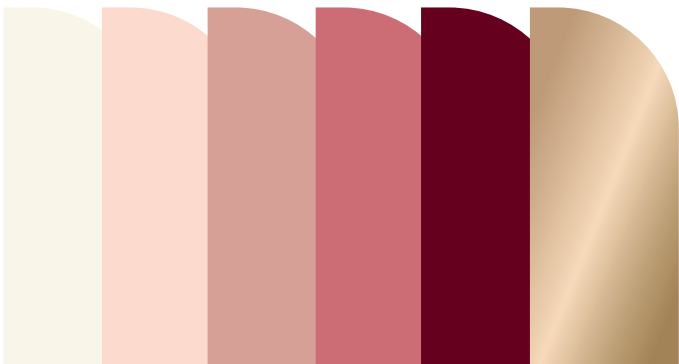

SYMPHONY
OF
LOVE

WEDDING IN ATLANTIS SARAH & MUSTAFA

PALETTE

A beautiful Shaadi ceremony for our Pakistani couple took place on the shores of the Persian Gulf at Atlantis The Palm Hotel.

A long catwalk with a gazebo in the center, decorated with flying fabrics and a sophisticated dome, which led to the main place of the bride and groom - the kosha.

A gentle gradient transition in floristics, exquisite golden arches framing an elegant sofa played amazingly in the shades of the sunset, in the moment when the couple appeared in front of the guests.

WHITE ARABIC NIGHT

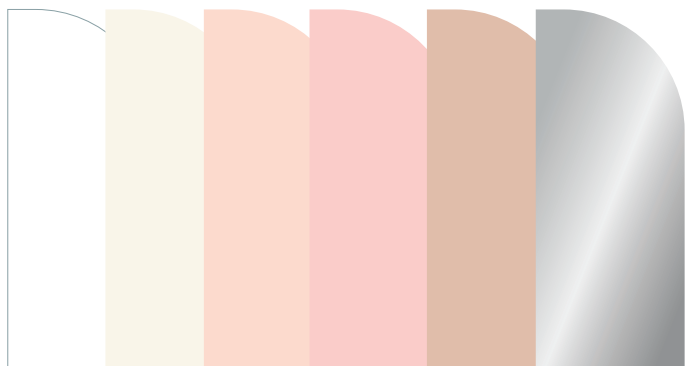

A wedding inspired by the bride's dreams of a luxurious Arab celebration. Elegant white floristry combined with luxurious gold surrounded by sprawling palm trees took the guests to one of the fairy tales of 1001 nights.

And the bright, traditional show program and many details immersed even more in the marvelous oriental atmosphere. The ceremony took place on the coast, and the celebration in the garden. Delicate floral arrangements united both locations and created a sense of harmony and beauty that surrounded the newlyweds and their guests.

WEDDING

PALACE
DOWNTOWN

PALETTE

A beautiful wedding ceremony in an Arab palace overlooking the Burj Khalifa. The delicate, flowing dress of the bride and the happy sparkle in her eyes are reflected in the rays of the setting sun, to the accompaniment of the famous Dubai fountains. Light and at the same time exquisite floristry and pastel shades emphasize the beauty of nature and architecture of the place chosen for the ceremony.

Palazzo
Versace
Hotel

Pakistani wedding at Palazzo Versace.
The blue water complements the serene tranquility of the surrounding lush gardens, creating a sense of oasis and luxury. The floristry and decor of the wedding harmoniously combined with the color of the hotel itself: deep shades of lavender, lilac, framed with gold elements, emphasized the elegance and chic of this ceremony.

The asymmetrical composition of the kosha surrounded the newlyweds with gold and the muffled flickering of candles.

English
Rose

Welcome
to our wedding
LEWIS AND CHLOE
27.09.18

Classic floristry in combination with mirror elements, crystal and many candles - everything our bride have dreamed of in her image of a classic English Wedding.

The ceremony took place in a garden with fountains in a beautiful gazebo, decorated with flowers that seem to sprout on it and complement the garden atmosphere.

LAVENDER
SUNRISE

PALETTE

The wedding ceremony is inspired by the colors of a warm sunrise with a stunning view of the city skyline and its highlights reflecting on the water.

Stunning airy floristry immerses you even more into the atmosphere of lightness and tenderness. Blues, lilacs and pinks combined with splashes of gold represent peace and harmony. A piece of paradise in the center of Dubai overlooking the sea and majestic buildings.
